- EUROPEAN SOCIETY OF OPHTHALMOLOGY (SOE)
- EUROPEAN STABISMOLOGICAL ASSOCIATION (ESA)
- INTERNATIONAL PEDIATRIC OPHTHALMOLOGY AND STRABISMUS COUNCIL (IPOSC)
- INTERNATIONAL ORTHOPTIC ASSOCIATION (IOA)
- INTERNATIONAL STRABISMOLOGICAL ASSOCIATION (ISA)

Invitation

Pediatric ophthalmology is still an under-developed and under-studied entity of ophthalmology. Out of 1.5 million blind children in the world, 45% reside in India.

The colossal loss of productivity with such magnitude of blindness in children is unimaginable. Apart from loss of productivity and economic loss, the mental agony faced by the family and the child himself, is beyond comprehension. Children are the most precious resource of the family. They represent the families future and hopes. A blind child is a tragedy to the whole family for the whole life.

To address these problems and pitfalls, and educate the ophthalmologists of India on the issues of pediatric ophthalmology and strabismus, a galaxy of renowned ophthalmologists involved in pediatric ophthalmology from all over the world are participating in this prestigious conference at Jaipur.

The local organizing committee is extremely proud that Jaipur in India, has been selected by the International community to hold this conference here. The royalty and heritage of Jaipur speak of the successive tides of history that have swept over Rajasthan, leaving their indelible impressions on the beating heart of India !

Welcome to the land of glory and valour and enjoy not only our hospitality but also a grand scientific feast.

Prof. P. K. Mathur
